

**CALL FOR PAPERS**

**Special Issue on Recent Advances in Vector and Set Optimization**

On the occasion of the EURO 2021 conference, to be held in Athens, Greece, during 11-14/7/2021, the editors plan to publish a special issue on recent advances in vector and set optimization.

This call-for-papers addresses the growing research interest in vector and set optimization from the theoretical as well as from the application point of view.

The journal "Optimization" is abstracted and indexed in: Mathematical Reviews/MathSciNet; Science Citation Index Expanded; Zentralblatt MATH/Mathematics Abstracts and Zetoc. Astrophysics Data System; SciBase; British Library Inside; Cambridge Scientific Abstracts; EBSCO Databases; ISI Current Contents - Physical, Chemical and Earth Sciences; New Journal.

Submitted papers will be considered as potential full-paper publications in this special issue subject to peer reviews, and should not have been previously published nor be currently under consideration for publication elsewhere. All submissions will be refereed with the same standards as leading international journals. The main criteria for acceptance are the quality and originality of the contribution.

Prospective authors should follow the manuscript format described below at the journal site <https://www.tandfonline.com/action/authorSubmission?show=instructions&journalCode=gopt20>

Authors have to submit their papers through the Manuscript Central web site <http://mc.manuscriptcentral.com/gopt>

During the submission procedure authors have to answer the question

**'Is the manuscript a candidate for a special issue?'** Here one has to tick 'yes' and then in the box **'If yes, what is the title of the special issue:'** one has to select 'EURO 2021'.

Then corresponding manuscripts can be quickly identified and assigned to the guest editors who are processing these manuscripts.

**Important Dates**

*Submission deadline for papers: October 31, 2021*

*Tentative date of publication: August 2022*
